PROJECT

Website and online booking platform
www.elsasurentals.com

#	DESCRIPTION	AMOUNT (GHS)
1	Website and online booking platform: design, development, testing and launch (scope below)	5,000.00

Total due **GHS 5,000.00**

Third-party running costs are paid directly by Elsasu Rentals Services and are not included: domain, hosting (Vercel), database (Supabase), SMS credit (Arkesel), Paystack fees, OpenAI usage and, later, WhatsApp (Meta) fees.

SCOPE DELIVERED

Live at www.elsasurentals.com:

- Public website for phones and laptops: home, fleet (vans and SUVs), services, destinations, about and contact pages
- Instant price quotes for any route, and online booking with Paystack payment (Mobile Money and card, deposit or full)
- Customer accounts: register and sign in with phone and password (or Google), trip history, receipts, cancellations and refunds
- Admin area: bookings, phone bookings, calendar, vehicles and prices, places and extras, customers, drivers, business details, and an AI assistant
- Website booking assistant (AI chat), SMS notifications and trip reminders
- Terms of service and privacy policy pages, installable home-screen app, error monitoring and visitor analytics

> **On hold at the client's request, not included in this invoice:** WhatsApp automation (WhatsApp login codes, booking messages and the WhatsApp bot). The code for WhatsApp login codes is already built; switching it on and the remaining WhatsApp work can be quoted separately when you're ready.

PAYMENT

Mobile Money (MTN)	059 240 5403 · Kudiratu Yekini

Payment covers the work above and handover of the website code (GitHub repository) and all service accounts to Elsasu Rentals Services.

Thank you for your business.
